

# Commercial Vehicle

## 7.5 TON APPLICATIONS

**The roots of Albert Jagger lie in commercial vehicles and the commercial vehicle industry makes up a large part of our business. We work with leading designers and vehicle engineers to provide our customers with an unbeatable range of products that enhance the safety, usability and efficiency of their commercial vehicles.**

For more than 130 years, Albert Jagger have been the market leaders in transport hardware for commercial vehicles. We manufacture and supply an enormous range of commercial vehicle body hardware, ranging from body fittings and cargo control to spray suppression and a versatile range of handles, locks and latches.

Supply Without Compromise

Transport Hardware

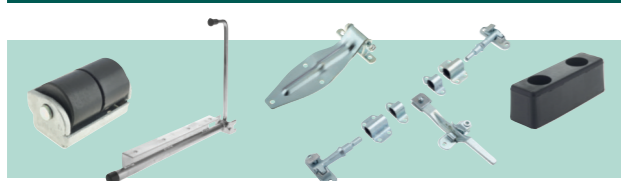

### Driver Aids

Working closely with market leaders in blind-spot safety solutions, Brigade, we are able to provide expert advice, sales, service and support on the complete range including camera monitor systems, audible warning alarms, Ultrasonic detection and digital recording systems.

### Access Steps

We provide a comprehensive range of robust, safety critical access steps, designed to withstand the harsh and environmentally aggressive locations commonly found on the underside of any commercial vehicle.

### Door Hardware

A diverse range of high-quality, reliable door fittings to suit a variety of vehicle types. We pride ourselves in being vehicle hardware market leaders and work hard to ensure our customers' satisfaction is at the forefront of all build decisions.

### High Visibility

Offering outstanding night time visibility we keep vehicles safe with a full range of high visibility conspicuity tapes, marker boards and Hazchem boards. In-line, with Whole Vehicle Type Approval legislation all reflective tapes are approved to ECE104, Class C.

### Lateral Protection

Tested and approved by the VCA, our Lateral Protection System fulfils the mandatory requirements of Whole vehicle type approval legislation. All legs and rails are supplied fully 'E' marked - E11 73R-0110055. Certification and compliant fitting instructions can be provided upon request.

## Commercial Vehicle 7.5 TON APPLICATIONS

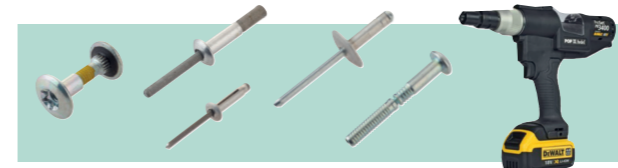

**Our diverse range of transport hardware is suitable for a wide variety of commercial vehicles and can be regularly seen on curtainsiders, Lutons and flatbeds around Europe and the rest of the world. Our parts are critical to the safe and efficient day-to-day running of thousands of vehicles and our products can be relied upon to provide excellent value for money.**

In an increasingly demanding industry, it is vitally important that commercial vehicle bodybuilders can rely on us and our components to add real value to their vehicle. It is also critically important that they perform well over a long period of time and last in the toughest of conditions.

### Spray Suppression

Working in conjunction with long time partner, Boydell & Jacks, we can offer the trusted Featherwing brand of spray suppression products. Synonymous with quality and reliability the Featherwing brand ensures that your vehicles meet all relevant WVTA regulations.

### Mechanical Fasteners

Avdel are a major brand within the commercial vehicle industry and we can offer a range of fastening systems and tooling for effective and cost-efficient assembly. Established brands include Avex, Camtainers, Monobolts, Avdelok, and Nutserts.

### Cargo Control

Our complete collection of cargo control products ensures securing your goods couldn't be easier. Products include lashing rings, anchor cargo track, shoring bars and a full range of ratchet straps manufactured and labelled in accordance with BS EN 12195-2:2001.

### Grab Handles

Designed to be strong and durable to withstand environmentally aggressive conditions i.e UV, salt, water and heat we have an extensive range of low cost industry standard grab handles in a wide range of styles and sizes. Custom made options are also available upon request.

### ADR

With products including first aid kits, fire extinguishers, wheel chocks and hand wash units, We offer a diverse range of safety and welfare products to ensure those involved in transporting dangerous goods are adhering to the strict legislation to protect drivers and passengers alike.

### LED Lighting

Unsurpassed for quality and reliability all LED Autolamps products come with either 3 year, 5 year or lifetime warranties, and are ECE/EMC compliant and can be supplied with Certificates of Conformity to support Whole Vehicle Type Approval legislation.

### Adhesive Sealants

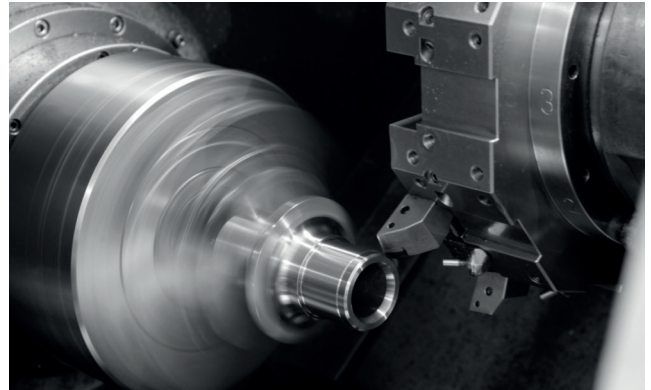

Working with Kommerling UK, we can provide the commercial vehicle body building industry with an extensive range of polyurethanes, silicones, MS polymers and polyoxypropylenes, along with a full range of cleaners, primers and bonding agents.

# Supply without Compromise

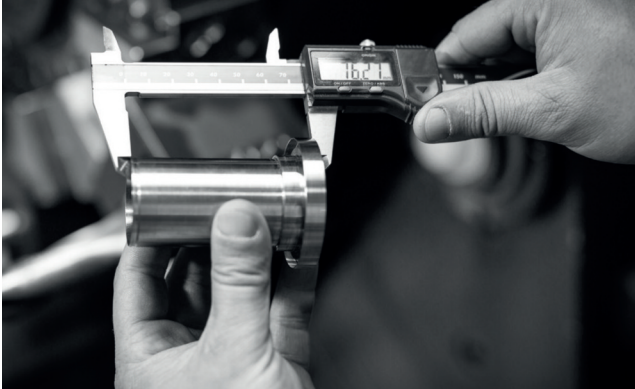

## Design & Rapid Prototyping

To strive to be the best is just part of our ethos at Albert Jagger, we use the latest technologies to aid our designers so that we can develop the next generation of hardware and components. We use rapid prototyping so that we can see our developing designs and improve on them.

## Manufacturing

As part of the process to ensure that we supply our customers with flexibility, versatility and diversity we have our own in-house manufacturing department. As the market leaders in our industry, we don't just supply parts, we design and manufacture them too.

## ISO 9001 Quality

We at Albert Jagger Limited recognise the need to focus on customer satisfaction and that means not only meeting their expectations but exceeding them. One of our key objectives is to continually strive to improve quality of both product and service. To achieve this we maintain quality management system compliant with ISO 9001: 2015.

## Customer Service

Our future depends on the success of our customers that is why we like to take a long term view to building relationships whilst delivering an unrivalled service and inspiring trust and confidence. With 130 years of history, we wouldn't be in the position we are if we hadn't looked after and listened to our customers.
